COMPETITION TECHNICAL MEMO 2022-1

2021-09-15

COMPETITION RULE CHANGE FOR 2021-2022 SEASON

Please note that the the following temporary rule change will apply for the 2021-2022 season:

Junior and Senior athletes do not need to enter a Technical routine (solo, duet and team) to be eligible to enter the corresponding Free routine at 2022 National Competitions (Qualifier & Nationals)

RATIONALE

With the uncertainty regarding training time in pools across the country in 2021/2022, this gives clubs more flexibility to adjust their programming in a way that will maximize athlete engagement, depending on their particular circumstance.

Please note that, because of the importance of technical skills, CAS still highly recommends for clubs to select the technical routine when only able to enter one routine, even though this will not be enforced by rule for the 2022 competition season.

Technical elements remain a national priority and could be taken into account in the 2022 national team selection process, so those aiming to participate in the process should keep this in mind.

ADDITIONAL CONSEQUENCES

Athletes who qualify their solo/duet free but not their solo/duet technical at their Provincial Qualifier will not be eligible to enter their solo/duet technical at 2022 national competitions.

In addition, the start order for the junior/senior solo free, duet free and team free events at Qualifier (and at Nationals if there are no preliminaries) will be drawn at random.

Clarification re: NCCP Make Ethical Decisions “MED”: Effective September 1, 2020 instructors/coaches will be REQUIRED to take NCCP Make Ethical Decisions TRAINING (3.5 hour module delivered by Provincial/Territorial Coaching Association) as part of their required training (as per our CAS Coach Development Pathway for AquaGO!, Comp Intro & Comp Dev). Note that CAC states “Any coach requiring NCCP trained status will require the NCCP Make Ethical Decisions Training.” Instructors/Coaches then complete MED online evaluation as an outcome of their Evaluation and Certification. Anyone who has completed MED online evaluation prior to September 1, 2020 is exempt – this is not retroactive.

- Coaches will not be able to complete their online registration without acknowledgement of the [CAS Conduct Policy](#) currently included in the registration process.
- A reminder that coaches must register themselves in the on-line registration system, clubs cannot register for you

1. Mandatory Respect in Sport Training

All coaches trained at the Competition Introduction level or higher must complete the Respect in Sport Activity Leader training by **September 1, 2019**. The online course is available at [this link](#)

Your certificate completion date and renewal date will be added to your profile page in the CAS online registration system.

Any coach who does not have an existing police record check that is less than five years old, must obtain an E-pic through the Stirling Backcheck online process available at [this link](#)

E-pic checks will be valid for five years and tracked on your on line registration profile.

3. Concussion Awareness and Education

All coaches must be aware of the information contained in the new [CAS Concussion Policy](#) including the [CAS Concussion Management Protocol](#)

The management protocol contains helpful information for athletes and parents too including links to important educational materials and the Pre-Season Concussion Education Form which must be signed by parents, athletes and coaches and given to the club administrator before the first session in the pool. Please ensure you share this information with your club board before the start of the season.

CAC Making Headway

CAS requires that all coaches Competition Introduction Trained or higher will complete the CAC Making Head Way Concussion eLearning Module for Sport (Generic)(effective date January 1, 2020). This can be completed on the www.coach.ca website

Athletes swimming only in the free combination and/or highlight routine are not required to enter the figures or technical routine event (optional).

b) Routines

Qualifier:

In age group 13-15 all teams entered are required to swim in the prelims of that event. The teams achieving the top 12 championship scores from prelims will advance to finals. In age group 13-15, all solos and duets are required to swim in the finals of that event (no prelims will be held).

In Junior FINA and Senior FINA competition all solos, duets, and mixed duets must enter **(ON – must compete in)** the technical event final of each category if they wish to enter the free event final of that category (no prelims will be held)

See CASC rule below for highlight and free combination eligibility. The highlight routine event and free combination routine event shall be final events (no prelims will be held).

CASC:

In Junior FINA and Senior FINA competitions all solo, duet, mixed duet, and team entries **must** compete in the technical event of the category entering in order to be eligible to enter the free event of the same category.

Any free routine in solo, duet, or mixed duet that qualifies for CASC through the Qualifier but does not qualify in the technical routine event may enter the free event and will also compete in the technical routine event.

Free Combination and Highlight Routines are open to all clubs that have entered routines (solo, duet or team) in the competition. Participants in the Free Combination/Highlight routines need not have been members of the qualifying routines. If, at the Qualifying meet, the club's qualifying routines fail to advance to the next and any subsequent meet, the free combination/highlight routine would continue to be eligible to attend that meet and any subsequent meet.

All routines are required to swim in the prelims of the event if they are held. The top 12 routine scores from prelims will advance to the finals.

ONTARIO COMPETITIONS

In Junior FINA and Senior FINA competitions all solo, duet, mixed duet, and team entries **must** compete in the technical event of the category entering in order to be eligible to enter the free event of the same category.

Junior and Senior age group athletes wishing to remain in the provincial stream for the full competitive season must participate in a Tech routine (Free routine is optional)

Any free routine in solo, duet, or mixed duet that qualifies for Ontario Championships through the qualification competition but does not qualify in the technical routine event may enter the free event and will also compete in the technical routine event.

There are no restrictions on entry to the free combination and highlight routine events for Ontario competitions at which these events are offered (ie: a club need not have entered another routine in the competition to be eligible).

All routines are required to swim in the prelims of the event, if they are held. For 8&Under (Regional League only), 10&Under, 11-12, and 13-15, Championship Score determines which routines are eligible to move on to finals (if applicable). For Junior FINA and Senior FINA, all Technical routine events shall be finals only. For Junior FINA and Senior FINA, routine Score determines which Free routines are eligible to move on to finals (if applicable). See rule 4.7.2 regarding preliminaries and finals.

If byes or unforeseen circumstances bring the number of athletes on a team to fewer than four and there is an alternate listed for the team on the entry form, the alternate is required to swim (or the team will be disqualified). If there is no alternate listed, and the team has fewer than four athletes, the remaining members no longer meet the definition of a team and are no longer eligible to compete. In this case the Bye Process should be followed. The remaining team members may request to pre-swim the event.

If byes or unforeseen circumstances bring the number of athletes on a duet to fewer than two and there is an alternate listed for the duet on the entry form, the alternate is required to swim (or the duet is disqualified). If there is no alternate listed, then the duet must scratch and should follow the Bye Process.

If a coach does not have photo ID credential, they must contact OAS to obtain one.

This credential and validation sticker indicates to the Chief Referee that a coach is a registered OAS member and meets the certification requirements to be on deck. Failure to wear credentials will result in removal from the deck. There shall be a zero tolerance policy for coaches not wearing credentials with current validation stickers. If caught wearing someone else's ID, both parties involved shall be removed from the deck for the remainder of the day.

If a credential is lost, the coach must contact OAS and pay \$25.00 for a replacement card (allow 2 weeks for delivery). If a coach cannot produce credentials while at a competition, a temporary credential may be purchased for \$50.00 per day from the Chief Referee (the coach must be able to prove certification status to obtain this temporary credential). Temporary credentials must be returned after the final event of the day, subject to a \$100.00 fine.

Due to the requirement for photo ID credentials, it is not necessary for every coach to be listed on a Club's meet registration roster. Clubs must ensure that at least one coach is listed for each competitor, however any number of additional coaches may attend a meet as long as they have valid credentials.

In the case that a routine that competed at the qualifying event (Hilton) and qualified via proportional entry as per 3.2.3 i) and j) below declines to enter the Championships event, the substitute shall be the next ranking routine that did not advance, by Championship score among all routines across all regions (or via routine score for Junior/Senior FINA).
- e) Exceptional Circumstances
The Selection Committee may, upon the advice of the entrant's Provincial Association, qualify for entry into CASC Championships competitors who are unable to swim in the Qualifier events due to exceptional circumstances (such as, but not limited to: injury, illness, school exams) beyond the control of the swimmers. Such byes entries shall be added to the Qualifier's quota. The same shall apply for competitors unable to swim in the Provincial qualifying meet for the National Qualifier competition. In order to be eligible for a bye, a routine must be entered in the competition and must pay all applicable fees. Byes cannot be considered after the fact. See also ON 3.2.1.1 Ontario Byes Process.
- f) Qualifier Results
The Qualifier results must be faxed or e-mailed immediately at the conclusion of the Qualifier by the Selection Committee Chair to the Meet Manager of CASC.
- g) Masters
Master athletes are not subject to a selection process to enter Masters Nationals. They may enter directly from their club. There are no quotas.

ON 3.2.1.1 Ontario Byes Process

- a) Requirement for a Bye
The submission of a Bye Request is required whenever an athlete is medically (or otherwise) unable to compete at a qualifying or mandatory event.
Mandatory or qualifying events for Ontario athletes for the 2019-2020 season include:
 - ~~Early Bird Skills Testing (mandatory)~~
 - Lisa Alexander Figures/Elements (mandatory)
 - ~~Trilliums Regionals (mandatory)~~
 - Leslie Taylor Ontario Cup (mandatory, qualifying event for the National Qualifier)
 -

- Leslie Taylor Cup is qualifier one of two for 10 & Under, 11-12, 13-15 & JR & SR Solos and Duets wishing to compete at ON Championships
- ~~Hilton (qualifying event for Trillium 11-12 Solos and Duets)~~
- Hilton is qualifier two of two for 11-12, 13-15 & JR & SR Solos and Duets wishing to compete at ON Championships

~~All 11-12 SOLOS AND DUETS/TRIOS that enter and compete at Trilliums Regionals are eligible to enter Trilliums 12&Under Championships~~

See Ontario competition pathway for full list of mandatory or qualifying events by age group. For Provincial Teams the Ontario Byes Process must also be followed. Ontario AWD athletes have no mandatory competitions and no qualification requirements (therefore no Bye Requests are needed).

- b) Submitting a Bye Request
Bye requests must be submitted as specified by OAS, including all required forms and supporting documentation. Bye requests are reviewed by the Provincial Jury of Appeal. Requests should be forwarded to OAS as soon as the need for the Bye is known – failing to do so could result in the request being declined. Should the need for a Bye arise during an event, the Bye Request must be submitted immediately to the Chief Referee (any follow-up documentation must be provided to OAS no later than 7 calendar days after the last day of the competition).
- c) Approved Byes
For approved byes, the athlete must be entered in the meet and pay all applicable fees. The athlete will be withdrawn from events as directed and must be declared a scratch. Any byes granted at qualifying events will be added to the quota for that event (ie. byes do not take a spot away from a qualified competitor).
- d) Byes from Leslie Taylor Ontario Cup to National Qualifier
Bye requests for entry into the National Qualifier must follow all Ontario Bye rules and must be approved by the Provincial Jury of Appeal. Approved Byes are then forwarded to the Provincial Selection Committee for final authorization for entry into the National Qualifier

Masters Free Combination	19-39, 40-64, 65 and over

A Competitor must meet the Age Requirement set forth herein above in order to be eligible to compete in a given Age Category.

ON 4.1.1.1 Ontario Age Categories

I. Age categories for Ontario are:

Competitive Age Categories:

Competitive Age Group 10 and under (10U)	1 to 10
Competitive Age Group 11 and 12	11 & 12
Competitive Age Group 13 - 15	13 to 15
Competitive Junior FINA	15 to 18
Competitive Senior FINA	15 & over

Regional League Age Categories: -

Regional League Age Group 8 and under (8U)	1 to 8
Regional League Age Group 10 and under (10U)	1 to 10
Regional League Age Group 11 and 12	11 & 12
Regional League Age Group 13 - 15	13 to 15
Regional League Age Group 16 - 20	16 to 20
Regional League Masters	16 & over

Masters Age Categories:

Masters Solo	18-34, 35-49, 50-64, 65-79, 80+
Masters Duet/Trio	18-34, 35-49, 50-64, 65-79, 80+
Masters Team	18-34, 35-49, 50-64, 65-79, 80+
Masters Free Combination	18 over (open)

II. Ontario blended age rules

For Ontario competitions, the Age Group in which a team or a duet/trio competes is determined by the average age of the members (including alternates) of the routine, as follows:

7	8 & Under (Regional League only)	a blended team or duet/trio whose average age is 8.4 or lower	10 & Under
		a blended team or duet/trio whose average age is 10.4 or lower	
	11-12	a blended team or duet/trio whose average age is 10.5-12.4	
	13-15	a blended team or duet/trio whose average age is 12.5-15.4	16-20
	(Regional League only)	a blended team or duet/trio whose average age is 15.5-20.0	Junior FINA
		a blended team or duet/trio whose average age is 15.5-18.4	
	Senior FINA	a blended team or duet/trio whose average age is 18.5 to 25.0	

Note: Routines averaging 18.0 years and over are also eligible to compete in Masters (in addition to Competitive stream events). All members of the team must be a minimum of 18 (as of Dec 31 of the year of competitive season) and all Masters rules must be followed.

i) Method of Calculation

Add all the ages of the members of the routine (important: age of athletes as of December 31 of the calendar year of the competitive season) and divide by the number of members on the team.

Team Example:

Swimmer 1 = 11
 Swimmer 2 = 13
 Swimmer 3 = 10
 Swimmer 4 = 12
 Swimmer 5 = 11
 Swimmer 6 = 12
 Swimmer 7 = 12
 Swimmer 8 = 11

= Total Age (92) divided by No. of swimmers (8) = 11.5 = 11-12 yrs age group

Duet Example #1: Duet Partner 1 = 12 years
 Duet Partner 2 = 13 years
 Average = (12 + 13)/2 = 12.5 yrs
 = 13-15 age group

Duet Example #2: Duet Partner 1 = 11 years
 Duet Partner 2 = 12 years
 Duet Alternate = 13 years
 Average = (11 + 12 + 13)/3 = 12.0 yrs
 = 11-12 age group

ii) Changes to team make-up during the season

A team's average age is calculated based on the list of athletes entered at the first routine meet the routine competes in during the season (either the January Routine Meet, Leslie Taylor Ontario Cup, or Trillium Regional **Regional League Winter Event**). After the first routine meet is entered, the routine's age group does not change for the remainder of the season (even if team make-up changes). Exceptions to this may

be considered via request to the Provincial Jury of Appeal only.

iii) Duet Partners

There shall be no change of duet partners between the qualification event (Hilton) and the Championship event, except the substitution of the listed alternate. Alternates must be listed on the entry form throughout the qualifying meets.

a. Solo: Athletes may only compete in the solo Age Category of their own Age Group (as per a) above). The only exception shall be a 10&Under athlete who meets the following criteria, who in this case shall be permitted to swim up one age category to 11-12 figures and/or solo for development purposes:

- Placed in the Top 10 in 10&Under Figures at the ~~Trilliums 12&Under Championships~~ Ontario Championships the previous season. (The athlete must have placed Top 10 as per the posted results, regardless of the ages of other competitors – Example: Not just top 10 of all 9 year olds, but top 10 of ALL 10&Under athletes).
- A request must be submitted to the Provincial Jury of Appeal in this case.

d) Competitive Pathway & Figures/Technical Event Age Group

The Age Group of a team or duet/trio shall be calculated as per b) Ontario blended age rules above. All athletes on a routine will compete in the figure/technical routine competition of the age category of the duet/trio or team on which they are swimming (see Ontario rule 3.1.6 b)i)).

Example: If the average age of the team is calculated as 12.5, the team is a 13-15 Age Group team and all athletes must compete in the 13-15 Figure event (regardless of the actual age of the competitors that make up the team). An athlete may choose to also enter their own age-eligible figure event (if applicable) – see ON 3.1.7 a)i) Stand-alone Figures.

Athletes follow the Competitive Pathway, which outlines which competitions athletes are eligible to attend based on the Age Group of the routine they compete on. Example: A 12 year-old athlete who competes on a 13-15 team must attend the competitions for the 13-15 Age Group. If an athlete competes in routines in different age groups, they must also swim the correct age group figures/technical routine for that category and attend all relevant competitions for that age group.

ON e) Upgrading to **Regional League** or Competitive

Athletes may upgrade from Recreational to **Regional League** and from **Regional League** to Competitive during the season, however the deadline for any upgrades will be the same as the entry deadline for the **Regional League Winter Event**. Athletes must attend the qualifying meet in order to attend the finals/championship meet in their stream, therefore switching between Recreational/ **Regional League** or **Regional League**/Competitive after the deadline is not permitted.

4.2 TIME LIMITS

4.2.1 The Start of a Routine

- a) The walk on of the athletes from the designated starting point to achievement of a stationary position(s) may not exceed 30 seconds. Timing shall begin when the first swimmer passes the starting point and when the last swimmer becomes stationary.

The sum of the element scores shall be divided by the total degree of difficulty for the required elements and multiplied by 10. This result is multiplied by point 4 (0.4). If a flashed mark differs from the Judge's Slip, the later shall prevail and be the official mark.

7.4.6 Routine Judge Absent

Rules for Athletes with a Disability:

1. ATHLETE ELIGIBILITY – Preliminary Classification
 - A) Artistic Swimming for persons with a disability is open to any individual whose physical disability prevents them from engaging in meaningful competition against able-bodied opponents.

Clubs must ensure athletes have been cleared by a medical physician/nurse practitioner to train/compete in sport.

- B) Athletes with an intellectual disability must meet the medical definition of a person with an intellectual disability.

Athletes with Downs Syndrome must have an Atlanto-Axial X-ray within the last five years and/or be cleared by a physician to participate. New athletes must submit clearance forms from a physician before participating.

- C) To assist coaches in determining their athlete's level the figure levels closely compare to the following star levels:

Level 1	Star 1
Level 2	Star 3
Level 3	Star 5
Level 4	Star 7
Level 5	Stars 9

Coach Eligibility - For Ontario competitions, see ON 3.1.9.1.

ON AWD Pathway - Ontario AWD athletes have no mandatory competitions and no qualification requirements (therefore no Bye Requests are needed). An AWD athlete may register at any Ontario competition at which AWD events are offered (including both Regional League and Competitive stream competitions). An AWD athlete must register and pay membership fees for the highest level of competition they intend to enter (i.e. if attending only Regional League competitions, register as a Regional League AWD athlete; if attending any Competitive stream competitions, register as a Competitive AWD athlete).

COMPETITIVE STRUCTURE

- A) Athletes with a Physical Disability and Cognitive Disability
- Five levels of competition will be provided for the following categories: Figures, Solo, Duet, and Team. Coaches determine the level of their athletes.
 - Figures for the competition are as listed

Level 5	2:45	3:15	3:45

There is a time allowance of 15 seconds plus the allotted time with no minimum

For Ontario competitions, the time limits above are provided as a guideline only. There is no minimum time limit for AWD and there shall be no penalties awarded for time limit violations.

- In each level there will be separate awards for Physical Disability athletes and Cognitive Disability athletes.
- Athletes from different levels may compete together in duet and team. The average level will determine their competitive level. All athletes will compete figures in their own level.

- vi) Athletes from different disability groups may compete together in duet and team. Mixed duets that include swimmers with a cognitive disability and swimmer with a physical disability from any level will swim in the physical disability category. Mixed teams that include swimmers with a cognitive disability and swimmers with a physical disability from any level will compete in the physical disability category
- vii) Athletes may exceed the maximum time limit of 30 seconds for their walk-on.
- viii) Coaches may assist or guide an athlete in their walk-on, walk-off, as well as their entry and exit from the pool in the routine event. Coaches may also assist or guide an athlete in their swim-on, alignment with the marker, swim-off, as well as their entry and exit from the pool during the figure event
- ix) Coaches may assist on land, by providing cues to Athletes with a Cognitive Disability during routines. In the case of a mixed duet/team coaches may also assist on land, by providing cues to the swimmer(s) during the routine.
- x) The coach of an Athlete with a Cognitive Disability may communicate with the swimmer after a wrong figure is performed, prior to the second attempt.
- xi) National Competition – AWAD (SSWCD and SSWPD) are eligible to compete at the Canadian Championships

ON Mixed Abilities

AWD and Non-AWD athletes may compete on blended duets and teams in the Mixed Abilities category at all Ontario competitions. This category will follow the guidelines listed in Appendix G. All athletes will compete figures according to their age group and ability level. ON APPENDIX K – Ontario Figure Groups & Descriptions

REGIONAL LEAGUE FIGURES

Regional League athletes will compete in Figures as described below (four full figures, no draws, except where noted). No degrees of difficulty are applied to Regional League figures.

Regional League 8 & Under Figures

- 1 Somersault Back Tuck
- 2 Tub Turn
- 3 Submerged Back Pike Position (Oyster)
- 4 Sailboat Single (Either RIGHT or LEFT will be drawn prior to each meet)

Regional League 8 & Under Figure Descriptions

Somersault Back Tuck

From a Back Layout Position, the knees and toes are drawn along the surface to assume a Tuck Position. With continuous motion, the tuck becomes more compact as the body somersaults backward around a lateral axis for one complete revolution. A Back Layout Position is resumed.

Tub Turn

From a Back Layout Position the knees are drawn toward the chest, with toes at the surface to assume a Tub Position. Maintaining the Tub Position on the surface, rotate horizontally around the hips as an axis until a full 360 degree circle is completed in one direction, followed by a full circle in the opposite direction. A Back Layout Position is resumed.

Submerged Back Pike Position (Oyster)

From a Back Layout Position, the legs are raised to vertical as the body is submerged to a Submerged Back Pike Position with the toes just under the surface. The position should be held long enough for the judges to evaluate (approximately 10 seconds). The figure ends when the swimmer leaves the Submerged Back Pike Position.

Sailboat Single (Either RIGHT or LEFT will be drawn prior to each meet)

Begin in a Back Layout Position. One leg remains at the surface throughout. The foot of the other leg is drawn along the inside of the extended leg to assume a Bent Knee Back Layout Position. The toe moves along the inside of the extended leg until a Back Layout Position is resumed.

Note: Two weeks prior to the figure event, either Sailboat RIGHT or Sailboat LEFT will be drawn. For each Regional League Figure meet, either Right/Left can be drawn (one side is not removed from contention at a future meet because it has been drawn previously). If an athlete performs the wrong leg sailboat at the meet, the relevant Regional League penalty process will apply.

Regional League 10 & Under Figures

- 1 Ballet Leg Single
- 2 Somersault Front Pike
- 3 Kipnus
- 4 Blossom

Regional League 10 & Under Figure Descriptions

Ballet Leg Single

Begin in Back Layout Position. One leg remains at the surface throughout. The foot of the other leg is drawn along the inside of the extended leg to assume a Bent Knee Back Layout Position. The knee is straightened without movement of the thigh to assume a Ballet Leg Position. The knee is bent without movement of the thigh to a Bent Knee Back Layout Position. The toe moves along the inside of the extended leg until a Back Layout Position is assumed.

Somersault Front Pike

From a Front Layout Position a *Front Pike Position* is assumed. Followed by *Front Pike Position* to assume a *Submerged Ballet Leg Double Position*, and with continuous motion a Front Pike Position is maintained as the body continues to somersault forward around a lateral axis so that the hips replace the head at each quarter point of the revolution until the head and buttocks return to the surface. As the legs move upward to assume a Front Layout Position, the head, back and buttocks travel along the surface until hips occupy the same position as the head at the beginning of this action.

Kipnus

From a Back Layout Position, a partial Somersault Back Tuck is executed until the shins are perpendicular to the surface. The trunk unrolls as the legs assume a Bent Knee Vertical Position midway between the former vertical line through the hips and the former vertical line through the head and the shins. A *Vertical Descent* is executed in a Bent Knee Vertical Position.

Blossom

From a Back Layout Position the trunk is lowered as the hips are bent to assume a Submerged Ballet Leg Double Position. The feet separate along the surface as the hips rise and the body assumes a Split Position. The legs join to assume a Vertical Position at ankle level. A *Vertical Descent* is executed.

Regional League 11-12 Figures

- 1 Ballet Leg Single
- 2 Barracuda
- 3 Neptunus
- 4 Walkout Front

The knee is straightened without movement of the thigh to assume a Ballet Leg Position. The knee is bent without movement of the thigh to a Bent Knee Back Layout Position. The toe moves along the inside of the extended leg until a Back Layout Position is assumed.

Neptunus

From a Front Layout Position, a *Front Pike Position* is assumed. One leg is lifted to a Fishtail Position. The horizontal leg is bent to assume a Bent Knee Vertical Position. A *Vertical Descent* is executed as the bent knee is extended to meet the vertical leg as the ankles submerge.

Walkout Front
