## SAFESPORT POLICIES & PROCEDURES

### **Everyone in Artistic Swimming Has the Right to Enjoy Our Sport.**

Ontario Artistic Swimming (OAS) believes that everyone in the sport has the right to enjoy the sport at whatever level or position they participate. Athletes, coaches, officials, and volunteers have the right to participate in a safe, welcoming, and inclusive training and competition environment that is free of discrimination and all forms of maltreatment including abuse, bullying, harassment, and neglect.

Only OAS registered athletes, certified coaches, officials, OAS employees or individuals under contract with OAS, and authorized volunteers or facility personnel are allowed on deck at competitions.

All participants in OAS sanctioned competitions are reminded that they are bound by Canada Artistic Swimming (CAS) and OAS policies, including but not limited to the CAS Safe and Welcoming Sport Policy Suite that includes the CAS Conduct Policy, Discipline and Complaint Policy and Procedure, and Discrimination, Harassment and Maltreatment Policy. For more information on CAS and OAS Policies or Safe Sport please visit the OAS website.

If you have been a victim of or witness to discrimination or maltreatment, please connect with the support services set out below.

### **SupportZone**

SupportZone has been created to act as a safe and welcoming space where individuals including athletes, parents, coaches, officials, and volunteers can share and ask questions about issues including discrimination and all forms of maltreatment. Callers will be welcomed by a certified leadership coach who will work together with you to determine what additional support you might need including providing information on possible next steps and additional support services and resources.

### **OAS Safe Sport Officer**

OAS has enlisted the services of Brian Ward of W&W Dispute Resolution Services to act as an independent third-party Safe Sport Officer. Complaints related to safe sport should be directed to Brian Ward who will guide you through the complaints process. His team includes female investigators and provides support services in both official languages. To send an email, [click here](#).

### **Concussion Management**

The CAS Concussion Policy and Appendix 2 to the CAS Concussion Policy that sets out additional responsibilities and companion Protocols are in effect at all OAS sanctioned events and activities. The Protocols outline the removal-from-sport and return-to-sport procedures. Clubs and coaches must ensure athletes and their parents, as appropriate, are aware of these procedures.

A copy of the CRT5 must be kept on deck and available to coaches and officials at all OAS sanctioned competitions. The removal removal-from-sport and return-to-sport Protocols will be implemented for all instances of concussion injury.

Any incident resulting in a significant impact to the head, face, neck, or body of any registered participant at any OAS sanctioned event or activity where concussion symptoms are present must be reported to OAS within 72 hours of the incident or injury taking place using the [OAS Injury Report Form](#).

## **The Rule of Two**

The goal of the Rule of Two is to ensure all interactions and communications are open, observable, and justifiable. Its purpose is to protect participants, especially minors, and coaches in potentially vulnerable situations by ensuring more than one adult is present. This means avoiding situations where a coach, official or other non-related adult might be alone with a minor athlete. All interactions between an athlete and an individual who is in a position of trust must be in an environment or space that is both 'open' and 'observable' to others.

## **Event Photography & Videography**

In order to minimize risk, all photographs and video taken at OAS sanctioned competitions, whether taken by a professional photographer or videographer, spectator, team support staff or any other participant, must observe generally accepted standards of decency. Under no circumstances are cameras or other recording devices allowed in locker rooms, bathrooms, or any other dressing area.

Only individuals that have received OAS authorization to record the competition, in any manner or in any medium, shall be granted access to the designated deck area and permission to do so. All individuals granted access to the deck are bound by CAS and OAS policies, including but not limited to the CAS Conduct Policy and CAS Screening Policy.
