**02**STREAMING INFO

Streamed Results & Awards	For Youth, Junior and Senior events, routines have been identified as either National or Provincial.  Results for each of these events will be separated by stream, and awards for Youth Figures will be given to the top six scoring athletes in each stream.
Draws	Due to the addition of streamed events at Lisa Alexander and Leslie Taylor, all National streamed routines have been drawn randomly within their group, followed by a random draw of all Provincial streamed routines in each event.

## 03 FIGURES

Draw Rotation	To accommodate deck limits and athletes who may be in events immediately following, figures will be conducted in a staggered draw (this format is the same that has previously been done at Etobicoke).  A figure draw schedule has been provided separately to this bulletin. Where possible, we ask that coaches keep athletes later in the draw off of deck until closer to their draw time, and to move athletes who are done off deck as they finish.
Figure Warm-Up Pool	Figure warm up will be available in the warm-up pool only for this event, to allow equal opportunity to athletes across the draw and assist in set up.
Figure Warm-Up Schedule	The 30 minute warm-up period prior to the start of the figure events is intended for those athletes in the first block of each draw.  Where possible, we ask that coaches bring their athletes on deck one hour in advance of their block, and have them in the pool 30 minutes before the start of their block.
Laps Warm-Up	An area in the warm up pool will be identified for lap warm up. As there will be many athletes in the pool at any given time, please be mindful of those around you.
